The above taxpayer has filed claims for refunds for the taxable years ending December 31, 1978 and December 31, 1979 in the amounts of \$29,805 and \$41,841 respectively. The claims were adjusted to \$29,514 and \$41,289 upon audit. These reductions must be approved by you. The taxpayer's file, including Forms AU-316.12 are attached.

The corporation filed amended returns to claim a business allocation to which it was entitled for sales where shipments were made to points outside New York State. Under an amendment to the Tax Law a corporation does not need a regular place of business outside New York State in order to allocate income or capital for years beginning on or after January 1, 1978. In each year the claims for refunds were reduced by an adjustment to the DISC export credit.

The reduction is proper, and I recommend your approval.

If you approve, please sign this memorandum in the spaces provided in the lower left-hand corner and return it and the file to Mr. Robert Quirk for appropriate further handling including the computation of interest.
